These have a current infrastructure and interface

```
Korean Postcards [Luna]
Korean Stamps [Luna]
(Remainder) Maps [Luna] *
University of Chicago Photographic Archive (UCPA) [MarkLogic] *
```

Map the metadata into triples and make them searchable in the generic interface but have them point to the resources in Luna or MarkLogic, at least initially.

Notes:

This needs a sub-project to map EAD to EDM triples

SCRC EAD [MarkLogic] [2]

Some of this work has been done, but it needs to be completed.

The status[1] of these is unknown modulo Christina's comments

Cervantes *
Chicago Shimpo
SCRC Media One-Offs
United States Supreme Court: Portraits and Autographs (PDFs and Web Exhibit)
Yerkes Logbooks
Yerkes Photographic Plates (OCHRE Data Service)

These are under different project management

Digital South Asia Library (DSAL) [Jim Nye]
Dispersed Chinese Art Digitization (DCAD) Project [Carol Ng-He]

[1] By "status" we mean the following.
Is the project online?
Is the project online in its final state?
Is the project online but not in a final state, e.g., seeking more funding?
Has the digital conversion been completed?
Do we have complete metadata?

[2] BMRC EAD is not included here for the time being because the finding aids do not link to digital content, unlike some SCRC finding aids.
